

GERMANY SENDS NEW NOTE TO U. S.

33,000 Austrians Captured by the Italians

OVER 150 GUNS CAPTURED AND TURNED ON ENEMY BY ITALIANS AND BRITISH

(By Associated Press.)

Italian Headquarters Oct. 30.—Austrian forces are retreating under ever increasing pressure and it is felt that the attack against the enemy will become overwhelming as soon as the entire allied forces can enter the action. A large body of allied troops have crossed the Piave. It is expected that the Austrian supply of ammunition will give out. There are indications that the heavy artillery of the enemy is being withdrawn in an effort to save the big guns. Over 20,000 prisoners have been taken since the drive began.

MAKE THREE-SIDED ATTACK.

(By Associated Press.)

Rome, Oct. 30.—The enemy was attacked frontally by the 8th and 12th armies and threatened on the flank by the 10th army and has been forced to abandon the heights on the left bank of the Piave and is hard pressed by the allies in their retreat. Several more villages have been liberated, including Congliano. Bitter fighting is taking place in the Mount Grappa section. An additional 1000 prisoners and 150 guns have been taken. Many of the guns are already in action against the enemy.

PLANE ATTACKS BALLOON.

(By Associated Press.)

Italian Headquarters, Oct. 30.—During the crossing of the Piave by Italian and British troops an Austrian battle plane attacked an Italian observation balloon and attempted to pass through it. Both the plane and the balloon were set fire and dropped in a burning mass to the ground. Neither the pilot of the balloon or the observers in the plane were injured. Italian troops have occupied Alessio, a seaport on the coast.

Reconstruction After War Will Be Gigantic Task

(By Associated Press.)

Washington, Oct. 30.—In the great task of internal reconstruction after the war, the war industries board seems certain to continue in existence and play large part in the transformation of war manufacturing back to peace time production. This is one feature of the government's program for easing the nation's business from the pitch of war to the pursuits of peace without convulsing it in the process. In a sense the program is tentative, because its formulation has just begun. Nevertheless the planning for peace is giving all government agencies in Washington these days material for as systematic thought as the prosecution of war.

Industrial reconstruction, next to demobilization of the army, is probably the most important phase of these plans. How to stop the manufacture of shells, of guns, of army and navy supplies, without stopping the industrial wheels which made them, and to furnish new work for these wheels, is a problem which agencies of the war industries board will be called on to solve. This means that the hundreds of industrial and commercial leaders who have been called to Washington to have to continue their services for essential peace work, or substitutes for them to be found.

Will Ask Guidance.

Manufacturing plants which now look to the war industries board for assistance in obtaining materials and which in turn comply with the forceful suggestions of the board, eventually will call on some government agency to guide them during the process of facing about toward peace production. The war industries board is the only agency equipped with the machinery and supplied with the information to give this guidance. For that reason the officials in closest touch with the government insist that the war industries board will continue in existence indefinitely after the war, regardless of when the war ends.

To Eliminate Strikes.

Officials intimate that means will be found of continuing the current plans for eliminating strikes, of giving labor greater voice in the management of industrial plants, and of extending both labor and trade federations to promote collective bargaining. They suggest that the government, through the war finance corporation, may aid in the conversion of industries from war to peace footing, reversing the existing priority of war enterprises. Railroad transportation, industrial production and ocean shipping must be co-ordinated and supervised.

MASONIC NOTICE.

There will be a called communication of Brazos Union Lodge No. 129, A. F. and A. M., at 7 o'clock tonight. Work in entered apprentice degree. C. L. DURST, W. M. ROY HUDSPETH, Secretary.

GAS IS SHORT.

(Associated Press.)

Dallas, Oct. 30.—The gas situation is acute here today on account of a break in the gas main where they cross the Red river. There is not sufficient gas for cooking purposes.

JUDGE MOREHEAD IN OPINION RULES OUT WOMEN'S VOTES

After listening to the arguments of counsel on both sides for nearly two weeks Judge H. S. Morehead of the district court this morning handed down a decision in the contest case of J. M. Atkins against Fletcher Pool. Through his attorneys, Hudson, Astin & Bethea, Atkins brought suit to contest the nomination of Pool as commissioner for district No. 1, alleging in his bill of complaint that the vote of the women was unconstitutional and therefore that Pool was not entitled to be certified for the November election. Henderson & Davis and Taliaferro & Armstrong represented Pool in the matter and the case was hotly contested.

The principal contention was based on the fact that on the second run-off of the primary it was shown that 186 women were permitted to vote and that Pool received a majority of 17 votes over Atkins. The court ordered the opening of the ballot boxes and a recount at which the votes of the women were thrown out. When this was done it was found that Atkins had a sufficient majority to entitle him to certification.

Through the decision of Judge Morehead a dictum has been established which will only be offset by a decision of the supreme court and until that time other courts in the state will doubtless abide by the precedent. The essential point of the decision was the fact that a constitutional amendment can not be changed without the vote of the majority of the people. Under the decision Atkins has been certified.

THEATRICAL MONTH NOTABLE.

London, Oct. 30.—This month has been notable in London theaters for the reason that so few new productions have been given.

Czecho-Slavs Take Possession of Prague and Establish New State

(By Associated Press.)

Copenhagen, Oct. 30.—A Berlin dispatch says that the Czech national committee has taken over the functions of the local government in Prague, Bohemia. The taking of this capital is a final step in the successful revolution over there.

Austrian imperial symbols were removed from various buildings and imperial proclamations torn down. City

SERVICE OF WELFARE.

A big contribution which the United States has made to our fighting allies is the war service work among the troops of the nation affiliated with America. None of the war service organizations was known in France or Italy until we came into the war. Before the war ends they will be as familiar there as they are here.

When the Y. M. C. A., K. of C., Jewish welfare and Salvation Army huts were established in France the native population was mildly interested but little curious. They thought the huts were canteens for American soldiers, a sort of an offshoot of the Red Cross with which they were already acquainted. But soon the American soldiers began to fraternize with the French poilu and the latter, after visiting the huts, spread the tale of many and varied conveniences and necessities provided for the Americans. Moving pictures and entertainments, books, writing material, banking facilities, athletics and games, education—a long list.

The K. of C. and the Jewish welfare board care for all allied soldiers in the same huts maintained for American fighters. The Y. M. C. A. has established a special service for the poilus with the approval of the French government which has military supervision over them. Foyers des Soldats they call them, literally, homes for soldiers.

Washington, Oct. 31.—Thirty-three thousand Austrian troops, hundreds of guns and innumerable machine guns have been captured by Italian and allied forces on the Italian front, said an official dispatch Wednesday from Rome. The 332nd American infantry regiment has gone into action and the fighting now extends practically all along the course of the Piave river.

The Austrians are resisting stubbornly, throwing in many new divisions, but have not been able to stop the advancing forces.

The dispatch follows:

"Our offensive is developing farther south," said the dispatch, "and stretches practically all along the course of the Piave. The third army is now in action successfully. The line between Brenta and the sea is strongly held by the greater part of the Italian army alongside of which is the 14th army corps of British troops and a French division. The 332nd American infantry regiment is now also in action."

"The enemy is resisting with exceptional stubbornness and is throwing into the fray new divisions without, however, being successful in holding back our troops."

"In the Grappa region the troops of the first Italian army, with the support of the 12th army, has been successful in beating the enemy at Segusino and has conquered Mont Gese. The eighth army has occupied the narrow pass of Folina, and has already reached Vittorio. The tenth army, after having established solid bridgeheads over the Monticano river, has crossed the river and is advancing along the road Congliano Odrzo. The third army, after neutralizing the formidable artillery fire of the enemy, has crossed the Piave at San Dona di Piave and east of Zenson."

"The number of prisoners captured up to the present moment amount to 802 officers and 32,198 men. Hundreds of guns have also been captured. It is impossible to calculate the number of machine guns which have fallen into our hands."

"In Albania our troops, after beating the rear guard of the enemy, have occupied San Giovanni di Medua, and are rapidly advancing on Scutari."

An earlier official dispatch from Rome said more than 100 villages and towns had been liberated since the offensive began and that the Austrian army corps on the left had retired in disorder, leaving behind war materials and several hundred guns. The position of the sixth Austrian army corps was described as very critical.

VOLCANO IN ACTION.

(Associated Press.)

San Salvador, Oct. 30.—Ometepe, a volcano here on the island of Ometepe is throwing out smoke and lava. The activity of the volcano has resulted in the destruction of the new dock recently constructed at San Juan del sur Nicaragua.

SEVEN THOUSAND REFUGEES FLED INTO HOLLAND

(By Associated Press.)

Amsterdam, Oct. 30.—When the German retreat in Belgian Flanders began it was expected that 250,000 refugees would seek safety in Holland. Up until Saturday night, however, only a small fraction of this number had arrived. At that time approximately 7000 had passed through the wire gates which mark the Dutch and Belgian frontiers.

AUSTRIA SAYS DAY NOT MARKED BY SEVERE FIGHTING

(By Associated Press.)

Vienna, Oct. 30.—In the Alano basin on the eastern Italian mountain front the Austrian forces were forced to retire Monday but elsewhere between Brenna and the Piave the fighting activity was not intense, says an official Austrian statement.

QUIET DAY IS REPORTED BY HAIG

(By Associated Press.)

London, Oct. 30.—With the exception of patrol engagements wherein a few prisoners were taken by the British, there has been no activity on the British front, according to Haig's report today.

KAISER SAID TO HAVE BEEN DEPRIVED OF ALL POWER FOR MAKING OF PEACE

(By Associated Press.)

Washington, Oct. 30.—Another note from the German government reached Washington today. It supplants the last brief communication, saying that an armistice and terms were awaited by reciting in detail governmental changes which had taken place in Germany as evidence that the kaiser had been deprived of all power of making war or negotiations for peace.

WORKING ON AUSTRIAN REPLY.

(By Associated Press.)

Washington, Oct. 30.—As word came that the new German movement had come it was learned that President Wilson was working today on a reply to the last note from Vienna, in which the Austrian government accepted all principles and conditions of President Wilson and asked for an armistice and peace proposals.

The reply, which will probably be made public before night, is expected to inform the authorities in Vienna that on the basis of acceptance of all concerned, including actual independence and not mere autonomy for subject of nationalities, their request has been referred to the governments with which the United States is associated.

PROGRAM NOT REPORTED.

(By Associated Press.)

Washington, Oct. 30.—The armistice program, said to have been prepared by the supreme war council had not been reported early today by the American representative. The government is known, however, to favor terms equally as drastic as those described in press dispatches as those agreed upon at Versailles.

Frederick Oberlin, Swiss charge d'affaires, received the German note and delivered it at the state department this morning.

WIRE FLASHES

(By Associated Press.)

Melbourne.—The people of Austria will not be satisfied unless Germany surrenders unconditionally, it is declared in a resolution unanimously adopted by the city council of Melbourne. The resolution requests Great Britain to insist upon adequate indemnity for Australian and British navy and not to permit the German flag on any ocean until the indemnity is paid.

Washington.—Trench undergrounds chemically treated with preventive against vermin has been approved by the war department and shipments in quantity overseas ordered expedited.

Italian Headquarters.—Austro-Hungarian forces are retiring in the region east of Congliano. They are leaving behind them scattered along the roads toward Vittorio seven miles north of Congliano and Sacle further to the west, many big guns and ammunition wagons.

London.—Evidence gathered by the British regarding treatment of British prisoners in German prison camps shows that German many has violated all rules of international law. Working parties of British prisoners were beaten and tortured and made to work when they were ill.

Italian Headquarters.—Elements of American expeditionary forces in Italy who have been in reserve are now ready to take part in fighting east of the Piave. The Americans will probably be brigaded with Italians.

Austin.—Draft calls suspended during October on account of the influenza are being reinstated and movement of men to camps will begin early in November, according to announcement by Major Townes, supervisor of selective service in Texas.

PRINCE LVOFF IS EN ROUTE TO U. S.

(By Associated Press.)

Honolulu, Oct. 30.—Prince George Lvoff, first premier of the Russian provisional government which was set up after the revolution left here recently for the United States. He said that Russia is in a horrible nightmare with ruthless murdering, torturing and atrocities. This applies to the portion of the country held by Germans and Reds.

THE WEATHER

Tonight fair; somewhat colder; frost; Thursday fair.

MORE SUCCESSES ARE GAINED BY DEBNEY WITH FIRST ARMY

(By Associated Press.)

Paris, Oct. 30.—General Debney's first army has gained new successes in the encircling of Guise, says an official statement. North of Guise they have taken Beaucourt farm which is north of the line. Along the Peron south of Guise, they have progressed east of Monceau-le-Neuf and captured many prisoners.

UNIVERSITY MAN IS AUTHOR OF VOLUME ON PRESENT WAR

(By Associated Press.)

Austin, Oct. 29.—A new issue of the bulletin, "A Brief History of the War," written by Frederic Duncalf, professor of medieval history of the University of Texas, has just come from the press. One of the interesting features of its contents is a colored map of the countries belonging to the German alliance, together with valuable statistical information as to the inhabitants of these countries, population and other data. Mr. Duncalf says that the purpose of the book is to gather in concise form the more significant phases of the war so that these may be taught in the schools of Texas. He points out that a heavy responsibility rests upon all teachers in the present crisis for their instruction will have great influence upon the opinions of their pupils. It is stated by F. M. Graff, chairman of the publications committee of the University of Texas, that this bulletin may be obtained free of cost by teachers of Texas and where it is desired to adopt it for the use of pupils in the schools copies may be had at nominal cost by applying to him.

SIDE CARS NUMEROUS.

With the American Forces in France, Oct. 29.—American motorcycle side cars in the war zone of France where American troops are operating are more numerous than in any part of the United States.

RUSSIANS SWAP GOODS.

Moscow, Oct. 29.—The lack of money and the great depreciation of the Russian ruble has compelled the soviet government to resort to the primitive form of trade, exchange of goods. This form has been applied in Russia in a limited degree because of lack of manufactured articles, the government giving the peasants agricultural machinery, leather goods, nails, matches and other such necessities and receiving the equivalent value in grain. It is the intention of the department of food to introduce the exchange of goods system into international trade and for this purpose it sent a special emissary to Norway to negotiate with the Norwegian government.

PAPERS ENTHUSIASTIC.

Moscow, Oct. 30.—Soviet newspapers were enthusiastic over the news of the destruction of Tunnel 36 on the Trans-Siberian railway east of Irkutsk in the Lake Baikal section, and declared the hindrance would delay American and Japanese troops from six months to one year in their movement to relieve the Czecho-Slovaks. The Izvestia says the Soviet forces exploded 1040 pounds of dynamite in the tunnel and destroyed it completely. This tunnel is one of a series of 48 which carries the railway through the ebases of mountains and hills jutting into Lake Baikal.

NEW SHIP COMMISSIONER.

Sydney, Australia, Oct. 20.—"One of the things I have been commissioned to look after," said Henry Yule Braddon, the first and lately appointed commissioner from Australia to the United States before his departure, "is the Australian ships building in the United States. There are ten ships on order and so far only one has been delivered. If I find that these ships can not be supplied because of the war I will ask the people here to agree with me that in these particular circumstances we shall be willing to wait awhile."

NICKNAME FOR PRINCE.

London, Oct. 30.—Although Prince Albert, King George's airman son, is officially described as "Captain Prince Albert R. A. F." he is always spoken of as "Captain Windsor" in the neighborhood of the air station to which he is attached. The prince has made himself very popular with the men in his command and has developed into an accomplished flier.

JAPS' TRADE INCREASES.

Tokio, Oct. 20.—Japan's trade with the United States increased during the six months ended June 30. Exports to the United States gained \$30,500,000, and imports \$97,000,000. The increase in exports was accounted for by the large shipments of raw silk, habutae and other staples, while the increase in imports is attributed to increased requirements of cotton, iron and machinery, as a result of the flourishing state of Japan's industries.

IN HONOR OF WILSON.

Paris, Oct. 30.—The Czecho-Slovak council of state has decided to make Pressburg the capital of Slovakia, according to a newspaper here. Pressburg is situated on the north bank of the Danube and is 34 miles east of Vienna. It was announced recently that the council would change the name of Pressburg to Wilsonstadt in honor of President Wilson.

AUSTRIA TO SURRENDER.

The semi-official news of the desire of Austria to capitulate did not come as a particular surprise to diplomatic circles in Washington, according to press dispatches sent out from the nation's capital. For over two years, since the Russian victories in the vicinity of Przemyśl, Austria has been ready to quit and would have laid down long ago had it not been for the German intrigue constantly at work in Vienna. Emperor Charles was so completely dominated by the German cabinet placed cunningly around him by the Wilhelmstrasse that he was afraid to let his soul his own.

At last the people, that mighty power which often lies sleeping in oppression for centuries and finally rises like a mighty wave, demanded a peace at any price. Hungary was freed and given a separate government and the first mighty step toward the reformation of the nation was commenced.

Austria is ready now to cut loose from Germany and apply the safety first principles to her own government. She is willing and ready, as is Turkey, for an unconditional surrender and wants to save what she can of her fast waning dynasty.

With the Turks and the Austrians out of the war, Germany would last not longer than a month or two. Austria's withdrawal would release the entire Italian army to be placed on the western front and the British forces in the holy land can be brought back into Europe. With this mighty force against her and with Americans pouring into France at the rate of a quarter of a million per month there is nothing that can save the crown for the kaiser.

His German agents have failed. Austria, through her socialists and her people, have awakened to the meaning of the terrible blunder made when she declared war on Serbia in 1914 and thus took the first step, although a cat's paw for Germany, which threw the world into the most terrible conflict in history.

The tentacles of the German empire have been loosed from the throat of the dual monarchy and the unwilling subjects of a German rule will be restored to a government which will in some ways smack with the savor of a republic. Austria was foolish and was led astray by a nation whose iron hand only intended to grasp her boundaries in a deadly grip as soon as this nation had served her purpose.

For years the Germans have ruled the Austrian court and diplomatic circles and trusted Austrians and Hungarians, members of the cabinet and diet, were found to be tools of the Germans.

Germany has played a wonderful diplomatic game. She has fooled the world for years, but in Woodrow Wilson she has met her match. The wolf can not be pulled over his eyes and several very unsuccessful efforts have been made at it.

Goodby autocracy, goodby Prussianism, goodby militarism, goodby Hohenzollernism; your time has come. Your friends have all deserted you and the scorn of the world is pointed at your blood-stained, cringing figure.

Wilhelm wants to be hereditary president of the German republic. Well, for this time he will get something he doesn't want. He'll be hereditary devil-elect to the infernal regions.

Now that the cool, crisp October days are here there comes an "itch" in the bones" to get out the old shotgun and clean it up and start out with a couple of good dogs across brown fields after rabbits.

Man, how that feeling brings back the boyhood days and makes the heart grow young again. Just to feel an old gun across the shoulder and see the cotton tail bounding away across the stubble fields. Then, the returning home at night and the big fire place with the hot biscuits and jam. After supper just to throw ourselves into the big chair before the fire and rest our tired muscles and dream of the day's sport.

The hunting season is nearly upon us and the nimrods are preparing to go out on the chase. Duck and geese are winging southward and the cotton tail is plump and fat. The quail is slyly peeping from grain piles, and the grouse is stalking majestically around. The brown woods are calling and the dogs grow impatient as they pace back and forth in front of their kennels.

With the present food conditions as they are hunting is now more of an incentive than ever before. The small boy looks on enviously as his "Dad" cleans up his gun and whistles for the dogs. The big hunting for real game is in France now. It is going to take a mighty lot of cartridges to bring home the bacon. Thrift stamps will buy these shells and every stamp means a shot at the kaiser.

Brazos failed to make her liberty loan quota and now let's see what it is going to do on this matter of thrift stamps. There is no habit as conducive to future wealth as the thrift habit and the best way to get into it is to buy stamps.

LYNCH 'EM.

During the recent Spanish influenza epidemic which overspread the country the supply of citrus fruits, particularly lemons and oranges, became noticeably short on the eastern markets and prices soared beyond all reason. These fruits were of great importance to the fever stricken soldiers who lay dying on their cots in camps and cantonments. The market was reported exhausted.

The matter was placed in the hands of the federal food administration for investigation. After looking up the shipment records from California and Florida it was found that there was no excuse for this shortage, as lemons and oranges had been shipped in unusually large quantities to the markets. Mysteriously this fruit had disappeared from the markets.

Secret service men took up the trail of the lost fruit and raids on warehouses in New York, Chicago and Philadelphia followed. The operatives found millions of oranges and lemons held in these places by the dealers. This fruit had been taken off the market, placed in cold storage and held until prices rose to such an extent that hundreds of thousands of dollars in excess profits could be raised. It was the idea of the fruit dealers to gradually release this fruit in such small quantities that the market would not become flooded and that the prices would keep above normal.

Needless to say the food administration immediately released the consignments and flooded the markets and the price dropped to such an extent that the soldiers were able to buy the fruit. In times of peace this would be called profiteering. In war times it is called profiteering. No decent American would do such a dastardly, dirty, low contemptible trick. It smacks of pro-Germanism from start to finish.

When the matter is finally sifted to the bottom there is a long chance that men with a "von" formerly in front of their names had something to do with it. The profiteers who raise prices on well sold and make little luxuries almost prohibitive are bad enough but for the despicable coward to practice such a trick when the boys on their cots are crying for fruit there is no punishment severe enough.

Let their names be published. Do not disgrace the law courts by bringing such vermin to trial in them. Revert to the lynch law and take them out to the nearest lamp post and string them up. Spit upon them and scorn their families as you would a serpent or a gila monster.

Cast stones at their dead bodies in the street and leave them unburied for the buzzards to feed upon. There could be no desecration of the bodies of such beasts.

Make them pay for the parched tongues that they have failed to satisfy. Make them suffer the ravages of pain and fever a million fold as the thousands who die in camps suffered. Crush all profiteers now and don't wait for a repetition of this horrible performance. Make them leave the country for they are worse than Germans.

HUNTING SEASON.

Now that the cool, crisp October days are here there comes an "itch" in the bones" to get out the old shotgun and clean it up and start out with a couple of good dogs across brown fields after rabbits.

Man, how that feeling brings back the boyhood days and makes the heart grow young again. Just to feel an old gun across the shoulder and see the cotton tail bounding away across the stubble fields. Then, the returning home at night and the big fire place with the hot biscuits and jam. After supper just to throw ourselves into the big chair before the fire and rest our tired muscles and dream of the day's sport.

The hunting season is nearly upon us and the nimrods are preparing to go out on the chase. Duck and geese are winging southward and the cotton tail is plump and fat. The quail is slyly peeping from grain piles, and the grouse is stalking majestically around. The brown woods are calling and the dogs grow impatient as they pace back and forth in front of their kennels.

With the present food conditions as they are hunting is now more of an incentive than ever before. The small boy looks on enviously as his "Dad" cleans up his gun and whistles for the dogs. The big hunting for real game is in France now. It is going to take a mighty lot of cartridges to bring home the bacon. Thrift stamps will buy these shells and every stamp means a shot at the kaiser.

Brazos failed to make her liberty loan quota and now let's see what it is going to do on this matter of thrift stamps. There is no habit as conducive to future wealth as the thrift habit and the best way to get into it is to buy stamps.

Now that the cool, crisp October days are here there comes an "itch" in the bones" to get out the old shotgun and clean it up and start out with a couple of good dogs across brown fields after rabbits.

Man, how that feeling brings back the boyhood days and makes the heart grow young again. Just to feel an old gun across the shoulder and see the cotton tail bounding away across the stubble fields. Then, the returning home at night and the big fire place with the hot biscuits and jam. After supper just to throw ourselves into the big chair before the fire and rest our tired muscles and dream of the day's sport.

The hunting season is nearly upon us and the nimrods are preparing to go out on the chase. Duck and geese are winging southward and the cotton tail is plump and fat. The quail is slyly peeping from grain piles, and the grouse is stalking majestically around. The brown woods are calling and the dogs grow impatient as they pace back and forth in front of their kennels.

With the present food conditions as they are hunting is now more of an incentive than ever before. The small boy looks on enviously as his "Dad" cleans up his gun and whistles for the dogs. The big hunting for real game is in France now. It is going to take a mighty lot of cartridges to bring home the bacon. Thrift stamps will buy these shells and every stamp means a shot at the kaiser.

A quarter is never missed and 16 of these buy a certificate and 20 certificates get a bond. One bond gets 400 Germans an 4000 Germans gets the kaiser's goat. Be a goat-getter.

Having shaken the mass out of Macedonia; chased the bull from Bulgaria; knocked the Turk out of Turkey, put the real pal in Palestine and knocked out a few germs from Germany, we will now devote our time toward filling the burr from Berlin and knocking the 'hel' out of Wilhelm.

Other Editors

From Clerk to Empire Builder.
(Toledo Blade.)

Thomas George Shaughnessy, empire builder, the James J. Hill of Canada, has relinquished the presidency of the Canadian Pacific railway.

By bold and far-sighted policies he put the copping stone on a great railway system. He completed the gigantic task of turning the northwest wilderness into a fruitful, populous territory. The farm ready made for the settler with rails passing the door was his idea. Under him the recesses of the dominion have been opened more quickly than ever before, its trade facilities, industries and agriculture expanded to an amazing degree. The world was startled when he suddenly bought 15 Atlantic steamships and established a through line from Vancouver to London.

His motto was "hard work, earnestness, rational ambition, integrity." One of the finest things he ever did was to telegraph to his old Irish parents in Milwaukee when his country had officially recognized his work with a title, "One owes a great deal to a good father and mother."

The Republic.

(Thomas Jefferson.)

Equal and exact justice to all men, of whatever state or persuasion, religious or political; peace, commerce and honest friendship with all nations, entangling alliances with none; the support of the state governments in all their rights, as the most competent administrations for our domestic concerns and the surest bulwarks against anti-republican tendencies; the preservation of the general government in its whole constitutional vigor, as the sheet anchor of our peace at home and safety abroad; freedom of person under the protection of habeas corpus; and trials by jury impartially selected—these principles form the bright constellation which has gone before us and guided our steps through an age of revolution and reformation.

Just Plain Bar Goods.

(Detroit News.)

Austria no longer can afford to insist upon the brand. Any kind of peace will do.

Back-Stepping Also in Vogue.

(Wall Street Journal.)

Lock-stepping to prison camps is an acceptable substitute for goose-stepping to Paris.

The Daily Verse

Jackie's Bit.
(Stuart M. Emery, A. E. F.)

It's black as the gates of sheol, there's never a glint o' light,
And the crow's nest sways and the wind in the stays as we buck through a dirty night;

The deck is a pitching platform, the hold is a heaving sink,
While the phosphor sparks wash by in the dark like a necklace, link on link.

It's a rotten time for a murder by a Hun and a U-boat crew,
But never you fret that you'll wake up wet, for the navy'll see you through.

With two keen, clean guns to starboard and a fancy pair to port,
And a five to stern and good ammo to burn, we are primed for a bit of sport.

There's a wind browned gun crew Jackie to left and right at each bore,
Who will nudge the shield of a piece full heeled till we raise the coast we're for.

Not a deck but is cleared for action, not a post but a lookout there,
So if Fritz should lurk for his black-guard work, he'd a damnsight well take care.

When the hold is tiered with khaki, by raider and storm and mine,
It's the sailors' show, up aloft and below, to ferry us over the brine.

No trace of a fuss or flurry, they handle the whole parade,
And steer the jaunt past the stubbles' haunt, still beating the old blockade.

All the run of the foam-fringed sea trail as the troopship toys with fate,
Let the soldier sleep on the snare-set deep while the Jackie guards his mate.

DARTING, PIERCING SCIATIC PAINS

Give way before the penetrating effects of Sloan's Liniment

So do those rheumatic twinges and the loin-aches of lumbago, the nerve-inflammation of neuritis, the wry neck, the joint wrench, the ligament sprain, the muscle strain, and the throbbing bruise.

The ease of applying, the quickness of relief, the positive results, the cleanliness, and the economy of Sloan's Liniment make it universally preferred.

Sloan's Liniment Kills Pain

Query Column

What causes a creek to start running after being dry for several months, when no rain has fallen? This little creek was never known to be dry till this severe drouth. It usually has a lot of springs along the banks but they all dried up.—O. M. B.

Possibly it is fed by some underground source of water or a spring whose supply of water comes from a distant section where there has been rain.

Where is the summer junior naval reserve headquarters? How is admittance gained?—C. McG.

The junior naval reserve has a summer training camp at Camp Dewey, New London, Conn. Another was formerly maintained at Corpus Christi, Texas, but we understand that this was abandoned. For all information about the junior naval reserve, address United States junior naval reserve, 231 West Fifty-eighth street, New York City.

Please let me know how to go about having coupon bonds exchanged for registered bonds.—Subscriber.

Send the bonds, giving the name in which you wish them registered, either to the treasury department, Washington, D. C., or to the Federal Reserve bank, Dallas, Texas.

KEEP THOSE PLEDGES.

The thrift stamp campaign is on in the United States and for the remainder of the month a drive will be made to have people redeem the pledges made to the president. Second in importance to the liberty loan drive the thrift stamp habit ranks near the heart of the government.

With the war costing the United States the gigantic sum of \$50,000,000 per day, a loan drive does not last so very long and the thrift stamps are relied upon largely to carry the costs during the interim.

The quota assigned for the year to Brazos county is \$379,260 and the total amounts pledged in stamps was \$430,249. There has been but \$201,842 of this amount sold up until October 9. This leaves a balance of \$177,418 which Brazos has pledged her solemn word to raise and which is not forthcoming.

E. H. Astin, chairman of the Brazos county war savings stamps committee, is going to appoint subcommittees and they will work Brazos county for the remainder of the month and endeavor to collect these back pledges.

Brazos failed to go over the top in the loan drive, but Brazos has signed pledges for this amount and it is up to Brazos to keep her word to Mr. Wilson. Don't lay down on this stamp drive like you did on the liberty loan. At one warehouse in Bryan there is over \$200,000 worth of cotton being held. This is just one warehouse. The people of Brazos have the money and they are not asked to give it to the government, but to lend it. Buy war stamps and baby bonds and you are helping the government.

Don't let's repeat this liberty loan disgrace but let us try to make up for our shortage and show that we are sorry.

What has become of the old-fashioned girl who used to play on the melodeon? For de love o' Pete, Horace, she's now playing the ukelele at the hula hula bazaar.

TEXAS COTTON PALACE Exposition

In addition to the immense "WIN THE WAR PROGRAM" which the Government will present at the Texas Cotton Palace Exposition, the management has secured the greatest collection of International Vaudeville Artists who will be presented in the Coliseum each afternoon and night, and there will be no extra charge for any Coliseum attraction.

Automobile Races, Aeroplanes and Special Animal Acts before the Grandstand

together with War Exhibitions by Uncle Sam's men from Camp MacArthur, both night and day.

Special Rates on all Railroads by order of the United States Government.

WACO
Nov. 2 To 17, 1918

A FAVORABLE RECEPTION.

The endorsement of Lamar Bethea for the Democratic nomination for the legislature by The Daily Eagle is meeting with a great deal of approval in Brazos county. No opposition has been publicly offered to this suggestion from the people or press of Grimes county.

A meeting of the two Democratic executive committees is expected to be held in the immediate future and the candidate named to succeed Mr. Spann. Thus far no candidates have openly announced their intention or desire for the office except Mr. Bethea.

Mr. Bethea was seen yesterday by a representative of The Eagle and asked if he would accept the nomination if it should be tendered to him. "Certainly I will," said Mr. Bethea. "It has always been my desire to represent the people of Brazos and Grimes county in the state legislature. Incidents beyond my control have heretofore interposed themselves and I have not made a try for the nomination. If these executive committees see fit to tender me the place left vacant by Mr. Spann I will go to the legislature prepared to give Brazos and Grimes county real representation. The interest of my district shall always be my first consideration."

With such spirit as this there is no doubt that Mr. Bethea is the man for the place. Once again we urge the committees to place him on the ticket.

E. W. Crenshaw received telegrams today from Capt. M. C. Funston and Lieut. Clarence A. Seale at Camp Funston, Kan., announcing that they had received orders for overseas duty and would depart immediately. This is good news for the friends of both, as they have long been desirous of "going over" and taking actual part in the great adventure. The best wishes of many Bryan friends go with them.

W. L. Closs of Tabor has closed out his stock of merchandise to J. K. Presnal and will return to Bryan November 1. He has accepted a position with Sam B. Wilson & Co. Mr. Closs has a large acquaintance and numerous friends in Brazos and adjoining counties, who will no doubt be pleased to know he will be in a position to serve them.

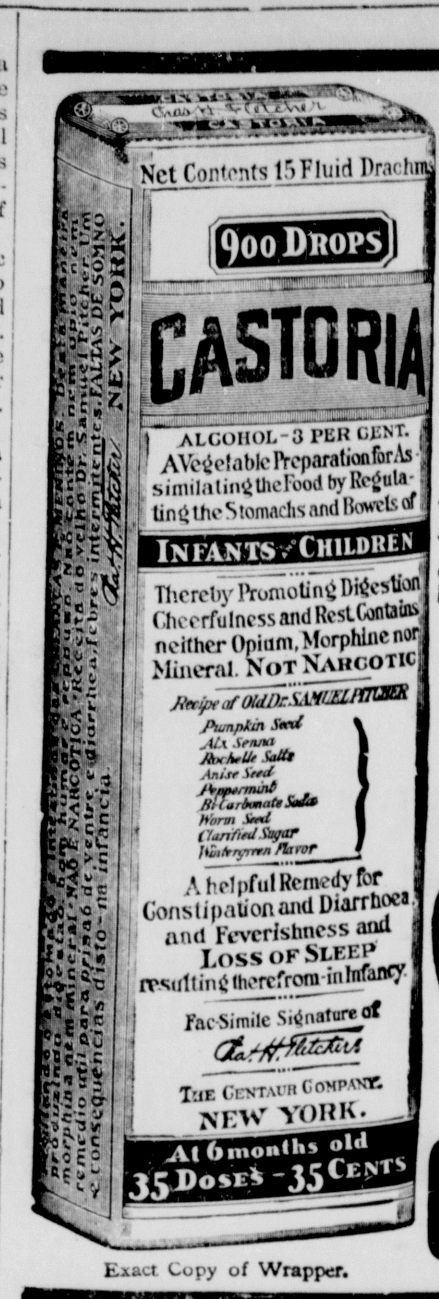

COUGHING SPELLS BREAK YOUR REST

Put a stop to them with old reliable Dr. King's New Discovery

That raw, hoarse throat must be soothed. That phlegm-loaded chest must be loosened. That cough must be checked so you can sleep. Dr. King's New Discovery has been relieving colds, and coughs for half a century without the least disagreeable after-effects. Your druggist has it because it is well-known and in big demand.

Try this for Constipation

Keep the bowels on schedule time with Dr. King's New Life Pills, the system freed from poisonous wastes, the complexion clear, the stomach sweet, the tongue uncoated, the breath untainted. Mild yet positive in action.

Boys From Bryan Write Letter to Eagle and Friends

France, Sept. 20, 1918.—To the editor of the Bryan Daily Eagle and those concerned we are glad to send our greetings.

Of the nine young men who left Bryan March 30 for enlistment at Camp Travis, four of us are proud to say that we are still together and hope to remain together until we get back to our beloved little city. We only stayed at Camp Travis about three weeks when we were transferred with other troops to Camp Gordon, Ga., where we formed a part of the first infantry replacement regiment. It was there we experienced our hardest drilling. After we were there a few weeks we were again transferred to Camp Stuart, Va., and were transferred into the 102nd ammunition

train to which we are still assigned. We like this branch of service, being in a motorized company and three of us being assistant drivers. The fourth was left behind in a mump ward and joined us again later. We were as glad to see him as he was to see us, I think.

It is pleasant to get together and discuss the home news and far from least to read the home paper which comes quite often. We are certainly thankful to get it.

We are all enjoying the best of health at the front and hope to reach home ere long. Keep the good work at home going.

CHESTER A. JONES,
OTTO H. PLAGENS,
HARRISON E. ALLEN,
NAPOLEON SALADINER.

LOCALS AND PERSONALS

James Sullivan of the feed control service has returned from Pilot Point where he visited his brother, who has been quite ill with pneumonia. The brother is much improved.

Dean M. L. Williams and Lieutenant Cain of the S. A. T. C. at Grubb Vocational schools, Arlington, were here on official business yesterday.

Lieut. H. H. Anderson, former student in meteorology here but now inspector of meteorological stations, with headquarters at Washington, is visiting on the campus.

W. L. Driver has been instructed by the adjutant general's office to report at Princeton university November 10, though he has not been advised as yet as to the purpose of the trip.

Mr. and Mrs. Roger Astin went to Houston yesterday afternoon.

George Stephan returned to Camp Mabry yesterday after a short visit home. He will leave in a few days for California to enter officers' training camp.

Law Henderson was able to be on the streets today after an illness of a week. He is still quite feeble.

E. J. Fountain and W. B. Bizzell went to Navasota yesterday.

Avoid chilly rooms in the morning by using Cole's Hot Blast heaters. They prevent colds and sickness. 148

Mr. and Mrs. W. F. Hoppess and son, Coulter, arrived Sunday for a visit to Mrs. Hoppess' parents, Mr. and Mrs. J. W. Coulter. Mr. Hoppess returned Monday.

There will be a meeting of the vestry of St. Andrew's church at the rectory tonight at 8 o'clock. All members are requested to be present.

Buchanan's coffee is good. Try it.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy countenance, poor blood, and as a rule, there is more or less stomach disturbance. GROVES' TASTELESS CHILL TONIC given regularly for two or three weeks will cleanse the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

IS S. A. T. C. INSPECTOR.
Austin, Oct. 29.—E. J. Mathews, registrar of the University of Texas, is one of the inspectors of S. A. T. C. units of the different educational institutions in this district, which comprises the state of Texas, Oklahoma, New Mexico and Arizona. Mr. Mathews' duties will take him away from the university a considerable part of the time. He is now in Kansas City attending a meeting in connection with the S. A. T. C. branch of the military training service. During the periods of his absence from the university Miss Anna Belle May will act as registrar in that institution.

RECEIVES LETTER FROM OFFICER WHO IS NOW IN FRANCE

Austin, Oct. 29.—Miss Hazel Edwards, a student of the University of Texas, has just received a letter from Second Lieut. William Johnson of Abilene, who was a member of the 1918 law class of the university, now serving in France. Lieutenant Johnson has been through some of the stirring fighting that has been going on there since early in September. In his letter to Miss Edwards he says that on September 14 his company alone handled 3200 German prisoners in one day.

HELP THE HOME BOYS.

Captain George Brandon of the Texas infantry is today starting an intensive campaign to raise funds for the company of Brazos and Grimes county boys under his command. The local company is the supply company which supplies fourteen other Texas organizations and is an important factor in the military units of the state.

In giving to this cause the citizens of Brazos, Grimes and Robertson counties will be donating direct to the boys from these two counties and many little luxuries will be added by the swelling of the company funds. These boys have enlisted for overseas work and already several of the national guard companies have been federalized. Some of them will be ordered overseas immediately.

The company fund, for those who do not understand the military term, is the money in the treasury of each unit. From this fund such luxuries and necessities which are not furnished by the government are supplied by the men. The ratio allowance is increased and better food—hence better service to the country is had. Pillow cases, soap and like articles are also supplied from this fund. Books, photograph records and magazines are often purchased for the boys.

When donating to this fund remember that you may have a kinsman in one of these companies and that the money will be used DIRECTLY ON TEXAS BOYS AND THAT NOT ONE CENT WILL BE SPENT UPON A FOREIGN ORGANIZATION.

The people of Brazos and Grimes counties should wish their boys to have the other things which other companies claim and its up to them to donate as liberally as possible.

This county should make up for their shortage on the liberty loan and this and the thrift stamp drive are of great importance. When Captain Brandon comes around put your name down for an amount of which you will not be ashamed and say, "It is for my own boy."

Lamar Bethea is the man for the legislature. Let the people write the Democratic executive committee and tell them so.

ITALIANS TAKE 15,000 PRISONERS ON PIAVE

UNITED STATES TROOPS IN RESERVE ON ITALIAN FRONT ALONG THE PIAVE

(By Associated Press.)
Italian Headquarters, Oct. 29.—In the advance across the Piave river the allied forces have captured 15,000 prisoners.
American soldiers are in reserve along the Piave in the fighting zone. A correspondent saw an American battalion going through its "setting up" exercises this morning near the river.

RESISTENCE BROKEN.
The last lines of the Austro-Hungarian resistance on the central portions along the Piave river were broken today by the British, French and Italian forces.

READY FOR SUPPORT.
(By Associated Press.)
Washington, Oct. 29.—American troops are on the verge of active participation in the great war on a third major front. This was the interpretation given here today when news from Italian headquarters arrived that Americans were standing in reserve behind the British and Italian forces now driving across the Piave.

KING SEES FIGHT.
(By Associated Press.)
With the Italian Army on the Piave, Oct. 29.—King Victor Emanuel saw the allied soldiers make a difficult crossing of the Piave river. He was dressed in his usual uniform made of the same material as the uniforms of the private soldiers. The king was under the fire of the Austrian guns and at various points where gas shells and shrapnel were exploding.

DESPERATE FIGHTING.
(By Associated Press.)
Italian Headquarters, Oct. 29.—For the third time in a year the Piave front is the scene of a desperate battle. This time, however, the tables are turned against the Austrians, who are being steadily pressed from the eastern bank of the river. The battle which has been going on for five days, is marked by desperate resistance of the Austrians.

Austrian prisoners say they know nothing of the political situation at home and the efforts of their government to arrange an armistice. Mail delivery to soldiers at the front was stopped some time ago.

BRYAN BOY MAKES SUPREME SACRIFICE

A. D. Ritchie of near Bryan has been notified by the war department that his son, Al Ritchie, was killed in action in France on October 2.

Young Ritchie was about 25 years

old and was well known and liked in the town and county. He was a farmer and was one of the first young men from this section to go overseas. He was a machine gun operator.

C. C. BUCHANAN KILLS WIFE WITH SHOTGUN AT HOME IN HOUSTON

Houston, Oct. 29.—C. C. Buchanan shot and killed his wife, Mrs. Georgia Buchanan, about 10 o'clock this morning. The shooting is considered cold-blooded murder.

The weapon used was a double-barreled shotgun. Two shots were fired, both taking effect in the neck and causing instant death.

After the shooting Buchanan calmly walked to the door, called the neighbors and told them what he had done. He stated his wife had charged him with being too familiar with a woman neighbor and was preparing to leave him.

Buchanan was an employee of the Magnolia Petroleum company of this city and states his former home was Bryan. He made the further statement that he had been married 15 years and that he and his wife had had many quarrels.

An 11-year-old son was in an adjoining room at the time his mother met her death.

Buchanan is a son of G. W. Buchanan of Zack, and a brother of S. G. Buchanan, an employee of the Bryan postoffice.

ARTILLERY DUELS MARK FIGHTING

London, Oct. 29.—Artillery duels and patrol encounters were the only activities on the British front during the night, says General Haig's official statement today.

MRS. COLE DIES

Mrs. F. J. Cole, aged 80 years, died last night at the home of her daughter, Mrs. M. G. Buchanan, from complications attending old age. She had been a resident of Brazos county for 60 years.

The funeral service will be held this afternoon from her daughter's residence and interment will be made in the City cemetery.

Mrs. Buchanan is the only survivor.

GENERAL DEBNEY'S ARMY CLOSES IN ON HUN LINE

(By Associated Press.)
Paris, Oct. 29.—Debney's first army continues to close in on Guise and has captured the German first line trenches, the barracks and the hospital south of the Chateau in the town of Guise.

South of Guise the French have passed beyond Louvry farm and continue to make progress on the right bank of the Peronne river.

TURKS READY TO QUIT.

(Associated Press.)
London, Oct. 29.—Turkey has independently presented a peace proposal to the entente nations, says a Constantinople report. Negotiations are expected to end soon.

U. S. AIR FORCES ALWAYS ON JOB IN ANY WEATHER

(By Associated Press.)
Washington, Oct. 29.—Continued aviation activity on the front of the first American army in spite of the poor weather today was reported by General Pershing in his communique.

Three enemy airships and observation balloons were shot down. All the American machines returned. A successful raid in the Woerth region many prisoners were taken.

Standers, Walkers, "Gets-It" for Corns

World Has Never Known Its Equal.

"What will get rid of my corn?" The answer has been made by millions—there's only one corn-remover that you can bank on, that's absolutely certain, that makes any corn

Standers, Walkers, "Gets-It" for Corns. Corn-Pain Is Eased—The Corn Is Doomed! On earth peel right off like a banana skin—and that's magic "Gets-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callus. You want a corn-peeler, not a corn-fooler. You don't have to fool with corns—you peel them right off with your fingers by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why putter and still have the corn? Use "Gets-It"—your corn-pain is over, the corn is a "gone" sure as the sun rises. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a few cents. Sold by E. Lawrence & Co., Chicago, Ill.

Sold in Bryan and recommended as the world's best corn remedy by E. J. Jenkins.

Paris, Oct. 29.—Czecho-Slav deputies during a conference with Emperor Charles of Austria requested that Austro-German troops be removed from their portion of the empire and that the Czecho-Slovak troops be returned. It is stated that they made clear to the emperor that an internal revolution might ensue if the request was not granted.

SPANISH INFLUENZA

Resembles Old Fashioned Grip. The symptoms of Spanish Influenza are very similar to old fashioned grip—pains throughout the body, extreme dizziness, sleepiness, chills, high fever, headache, disturbed digestion with running at the nose and eyes and excessive spitting, showing an inflammation and congestion of the mucous linings.

For Catarrh of Every Description Take PE-RU-NA

The well known and direct action of Peruna in restoring and maintaining a healthy condition of the mucous membranes throughout the body makes it the greatest disease preventing and health restoring remedy known to science.

For forty-five years Peruna has retained its title as a reliable safe-guard to the health of the American family.

EXPERIENCE OF USERS THE BEST RECOMMENDATION
ANNA, OHIO. "I find Peruna excellent for Catarrh of the head. I keep Peruna and Manalin in the house all the time."—Mrs. A. Runkle, Box 86.

NEWARK, N. J. "I have used Peruna for colds and grip. It will do all you claim and more. My family always have a bottle on hand for stomach and bowel trouble and colds."—Geo. Clark, 124 Union Street.

Try Peruna First—Tablets or Liquid—Sold Everywhere

GREAT BATTLE IS RAGING ALONG A 37 MILE FRONT

(By Associated Press.)
Vienna, Oct. 29.—A great battle is raging on the front of 37 miles east of Bretna, according to an official statement of the war office. Between Bretna and the Piave the Italian attacks were repulsed. There has been fighting throughout the day along the Piave where the British thrusts as far as Tezze and San Polo di Piave were stopped by the Austrians after a break through on a front of from one to two miles.

APPROVES BILL.

(Associated Press.)
Copenhagen, Oct. 29.—The German federal council has approved the bill amending the federal constitution in the form as adopted by the reichstag, says a Berlin dispatch.

The kaiser now wants to be hereditary president. Oh, pshaw! let's let Colonel Roosevelt tell him what he can do.

The sixteen sweethearts of the Daily Eagle declare that Ed Covey is their choice for the board of commissioners.

NOTICE OF SHERIFF'S SALE.

The State of Texas, County of Brazos. By virtue of an execution issued out of the Honorable District Court of Jefferson County, on the 18th day of September, A. D. 1918, by the clerk thereof, in the case of Dollie Shelby, plaintiff, David E. O'Fall, assignee, versus W. E. Shelby, No. 13741, and to me, as sheriff, directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for sheriff's sales, on the first Tuesday in December, A. D. 1918, it being the third (3rd) day of said month, before the court house door of said Brazos county, in the city of Bryan, the following described property, to-wit:

All that certain tract or parcel of land situated in the John Williams survey in Brazos county, Texas, and more particularly described as follows, to-wit: About 11 miles east of Bryan and beginning at the western corner of the survey on the west line of the T. C. Bowman survey, a stake in the Kurten road; thence N. 45 W. with the Bowman line and Kurten road 204 vrs. to a stake, Simpson's corner; thence S. 45 W. 1320 vrs. to a stake on division line of said Williams survey and the Wilson pre-emption; then S. 45 E. with said line 726 vrs. to a stake in edge of prairie, a P. O. marked H. brs. S-W; thence S. 45 W. with the division line 292 vrs. to a stake on the old road, a P. O. marked X brs. S-W, another marked X brs. East; thence S. 45 E. 78 vrs., Bryan public road, at 176 vrs., another corner of the John Williams survey; then N. 45 E. with the Williams line 1612 vrs. to the place of beginning, containing 220.6 acres of land, more or less. And being the same tract of land that was conveyed by Mrs. Sallie E. Gibbs to E. R. and L. A. Ramsey on the 2nd day of October, 1892, by deed of record in Vol. "14," pages 408 et. seq. deed of records of Brazos county, Texas, to which reference is here made in aid of above description, levied on as the property of W. S. Shelby to satisfy a judgment amounting to \$100 in favor of Dollie Shelby, plaintiff, David E. O'Fall, assignee and costs of suit.

Given under my hand this 4th day of October, A. D. 1918.

T. C. NUNN,

Sheriff of Brazos County, Texas.

WIRE FLASHES

(By Associated Press.)
Washington.—Eagle I, first of the new type submarine patrol vessels ordered by the navy department, was put in commission yesterday at Detroit. It was announced today. The vessel will be sent immediately to the Atlantic coast. Several boats probably will be ready in time to get out before winter closes the inland waterways.

Washington.—Because Slav and Rumanian representatives failed to support him Count Karolyi has failed in his attempt to establish an independent government of Hungary, says diplomatic dispatches. The situation is becoming extremely serious.

London Views Austrian Answer to Pres. Wilson's Note on Peace As An Unconditional Surrender

YANKS CUT OFF HEADS GERMAN SOLDIERS TOLD

(By Associated Press.)
With the American Armies, Oct. 29.—German officers are now telling their soldiers that all German prisoners taken by the United States troops have their heads cut off when taken to the rear. The obvious purpose of this is to prevent the men from giving themselves up voluntarily to the Americans, as hundreds of them have lately done.

Sitting in an American field hospital today were two young German prisoners who had been brought in by a Brooklyn sergeant, a lad of only 20. One was slightly wounded. The other was sobbing and pleading with the surgeon to save him from having his head cut off, which he said he understood from his commanding officer would be his fate.

The doctor assured the frightened German that the Americans were not quite as savage as that; but the prisoner was still trembling and grieving as he was led to the rear of the American line by a corporal.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine. Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the mucous surfaces, expelling the poison from the blood and healing the diseased portions. After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials free. I. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

NO OBSTACLE EXISTS TO START IN NEGOTIATIONS IS TENOR OF ANSWER

(By Associated Press.)
London, Oct. 29.—Austria's reply to President Wilson is viewed as an unconditional surrender. Although the reply is recognized as intrinsically the greatest movement of the times and the breaking up of the Hapsburg power, the main interest lies in the effect it will have on the present position of Germany.

ACCEPTS CONDITIONS.

(By Associated Press.)
Basel, Oct. 29.—The text of the Austrian reply to President Wilson reads, "Austro-Hungary is accepting all conditions the president has laid down for entry into negotiations for an armistice and peace. No obstacles exist, according to the judgment of the Austro-Hungarian government to the immediate beginning of these negotiations."

GERMANY NOW IS ENJOYING 'GASLESS' DAY MEASURE

(By Associated Press.)
Paris, Oct. 29.—The German army is suffering from a gasoline famine, says the Daily Matin. At many places the allies have discovered tractors in perfect condition which had been abandoned through lack of gasoline to operate them.

MACHINE GUNS ARE ACTIVE ALONG THE OISE-SERRE FRONT

(By Associated Press.)
Paris, Oct. 29.—Artillery fire has been rather lively in the Oise region, especially opposite Grand Verly. On the Serre front there has been great machine gun activity. French patrols are everywhere in contact with the enemy.

Wanted!

Cotton Seed

Crop is short---Brazos county cotton seed should be worked up in Bryan---Puts money in circulation and gives employment to home people.

Bryan Cotton Oil and Fertilizer Company

A Home Institution.

Locals and Personals

Calls for 26 fighting men have been received by the local board and these men are to be sent to Camp Travis. They will be taken from the first class of the 1918 registration. It is expected that they will be sent to San Antonio about November 11. One man, an auto mechanic will be sent on November 6 to Camp Mabry.

Rev. H. B. Jamison and Senator J. R. Astin will go to Houston tonight to attend the consecration services of Rev. C. S. Quinn, at Trinity church. Rev. Quinn will be consecrated bishop coadjutor of Texas.

Walter McPherson of Toronto, Canada, field secretary of the Brotherhood of St. Andrew, spent yesterday in Bryan and last night addressed the vestry at St. Andrew's church.

W. B. Roman is now able to sit up, though still very weak from an attack of influenza. Mrs. Roman is now confined to her bed with influenza.

Noonzie Moreal returned to Camp Travis today after a short visit with Bryan relatives.

Mrs. Earl Fairman left today for Lake Charles, La., where she will be the guest of her parents, Mr. and Mrs. Sloan.

Mr. and Mrs. J. B. Brogdon of Montgomery are the guests of Bryan relatives for a few days.

Mr. and Mrs. Al Kern of Hamilton are visiting their parents, Mr. and Mrs. L. B. Kern.

Capt. A. J. Searcy is very ill at the home of his daughter, Mrs. Ben Powers.

Tom Higgs is able to resume work after a severe attack of influenza and pneumonia.

Frank Panano and Frank Falco left today for Highbank, after a visit with Sam Palermo.

Miss Edith Moore left today for Waco, where she will visit the family of Frank Clark.

Mr. and Mrs. W. C. Hardy of Palestine are guests of Mr. and Mrs. Wade Cox.

Dr. J. T. Mize was called to Beeville yesterday on professional business.

Miss Alabelle Terry of Houston will be the week-end guest of Mr. and Mrs. W. K. Fairman.

R. M. Horlick has returned to the city from a business trip.

J. C. Olson of the extension service went to Waco this morning.

Mr. and Mrs. R. M. Walker are both ill with influenza.

Mr. and Mrs. E. J. Jenkins arrived home this afternoon from Jacksonville, Fla., where they have been at the bedside of their son, Private Edwin Jenkins. The young man has been very ill but is now steadily improving.

Twenty men from the S. A. T. C. unit at the Southwest Texas Normal at San Marcos have been ordered to College to take the course for radio mechanics here.

Sergeant Edwin Conway Catlett has won a promotion in being given a commission as second lieutenant in the 32nd service company, S. C., in the quartermaster's corps and will leave at once for Camp Bowie for duty with the assistant depot quartermaster.

To attend the handmaster's school at Carnegie Institute of Technology the following members of the recent training detachment have gone to Pittsburgh: Adolbert W. Bruce, Everett W. Hanson, Henry Palmeyer, Charles E. Powell and Paul Spensrath.

Lieutenants Albert V. Roberts of Knoxville, N. Y., and Raymond E. Crittenden of North Hampton, Mass., recently on duty at the office of the chief signal officer of the army at Washington, have arrived for duty with the S. A. T. C., and reported to Major Zeller. They served Lloyd's, J. B. Joyce and E. F. Hagen of the signal corps, who have been ordered to Camp Meade, Md.

GIRL'S ITS YOUR STEP THAT ATTRACTS!

Says women pay too much heed to their face instead of their corns.

Watch your step! A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little. That's bad, girls, and you know it. Corns destroy beauty and grace, but corns are very easy to remove. Rid your feet of every corn by asking at any drug store for a quarter of an ounce of foot powder. This will kill the corn but is sufficient to remove every hard or soft corn or callus from one's feet.

A few drops applied directly upon a tender, touchy corn relieves the soreness and soon the entire corn, root and all, falls right out without pain. This foot powder is a gummy substance which dries instantly and simply shrivels up the corn without inflaming or even irritating the surrounding skin.

Women must keep in mind that cornless feet create a youthful step which enhances her attractiveness.—Adv.

FOR SALE—180-acre farm, 2 1/4 miles west of Bryan; 80 acres in cultivation, 80 in pasture, two houses, two barns, two tanks, 75 acres under hog fence; produces good cotton and ideal land for peanuts and melons. Will sell at a bargain. E. J. Kyle, Co. 32 Station.

MRS. PALASOTA DEAD

Mrs. S. Peter Palasota, aged 34 years, died at her home at Mudville this morning after a two-week illness of pneumonia. She was a member of St. Anthony's church of this city and is survived by her husband and three children. Mrs. Palasota was well known for her charitable work and leaves a host of friends to mourn her death. The remains were laid to rest in the Catholic cemetery this afternoon.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

STAND BY BRAZOS COUNTY.

Grimes county is claiming the right to name a man to be endorsed by the Democratic executive committee of Brazos and Grimes counties to succeed Mr. Spann, the nominee who died prior to the regular election. The contention of Grimes is that that county is entitled to TWO SUCCESSIVE TERMS for each representative does not appeal to the Daily Eagle for one minute. If this has been the custom, then it is a silly, unbusinesslike custom on the part of Brazos county. We cannot afford to be without direct representation at the state capital for such a lengthy period of time.

Davis, who served one term in the legislature and who was nominated at the primaries, resigned and Mr. Spann was certified to succeed him. The death of the latter left the vacancy for which Lamar Bethea aspires. Mr. Bethea is not a special pet or protégé of the Eagle, but we insist that this county should have representation NOW and we believe Bethea will fill the bill acceptably and that he will ever and always have his eyes open to the interests of Brazos county and A. and M. College. Stuart Barron is another example of excellent local timber and would be a credit to the county, but Bethea is the only man available at the present time who really wants the place and who would make an able, efficient state legislator.

A. F. Brigance and L. M. Hewitt, both of Grimes county, have been spoken of in connection with the office, and while we have nothing to say against these gentlemen, we are firm in the opinion that Mr. Bethea would make a better representative than either, and we are very certain he would pay more attention to the interests of Brazos county.

Let the friends of Mr. Bethea rally to him at this time and make it a point to inform the Brazos county committee that they want this county to endorse Lamar Bethea. The Grimes county committee cannot, without the endorsement of the Brazos committee, endorse a man to the state legislature. Only the capitulation of the Brazos committee can defeat Mr. Bethea.

Stand by your county!

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If cross, feverish, sick, bilious, give fruit laxative at once.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue. Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.

INFLUENZA WORSE THAN HUN BULLETS

Claiming More Victims Than Battle Fronts of Europe—Disease Can Be Avoided.

According to carefully compiled statistics it is an indisputable fact that the Spanish influenza epidemic which is now sweeping all parts of the country is daily claiming far more victims than German bullets on the battle fronts of Europe. Although civil and military authorities have succeeded in checking the disease in some localities, it is growing worse in others and continues to spread at an alarming rate. According to leading medical authorities, that the disease can be avoided there is no longer any doubt. According to leading authorities the powers of resistance of the human system can be so perfected that it can throw off almost any infection, not even excepting Spanish influenza, which is one of the most contagious diseases known.

It is persons who are suffering from lowered vitality, who are weak and rundown and who have not the strength to throw it off who are the earliest victims. Persons who have bad colds, who are suffering from catarrhal troubles, or inflammation of the mucous membranes are especially susceptible, as the inflamed mucous membrane linings of the nose and throat are an open door to the germs. This condition is almost always accompanied by a weakened condition of the system.

If you are suffering from any of these symptoms nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science.

This statement is easily proven by the fact that Tanlac is now having the greatest sale of any system tonic in the history of medicine. In less than four years time over ten million bottles have been sold and the demand is constantly increasing. Thousands are using it daily for the above troubles with the most astonishing and gratifying results.

Tanlac increases your strength and weight and creates a good, healthy appetite for nourishing food. It keeps you physically fit and helps every organ of the body perform its proper function in the natural way.

In connection with the Tanlac treatment be sure and keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included in every bottle.

Tanlac is sold in Bryan by N. A. Stewart.

ANYBODY SEEN BILL?

The Navasota Examiner-Review is credited with the following remark, which recalls to our mind the earthly prince of peace who has been seriously overlooked in the great international shuffles recently.

"Is it possible that we have overlooked mention of the death of William Jennings Bryan? In all events we never see his name mentioned in the papers, nowadays."

Just what has become of the Hon. William Jennings Bryan. The last we heard of him he was chaunting around somewhere in the neighborhood of Fostoria, Ohio, drawing down \$500 bucks per lecture. Bill Bryan is a great man and he and Mr. Wilson had a slight difference about how the affairs of the U. S. A. should have been run. Of course, gentle reader, you know who we refer to. You remember Bryan? He was the man from Nebraska who wanted to be president and ran three times. Somebody called him Hydrant Bryan because he was always running.

Well, what has become of him? We are reliably informed that he has a winter place at Miami, Florida, but press dispatches state that he is not there. He also has a son living in Tucson, Arizona, and it has been discovered that he is not visiting his son. There is no chaunting running now so that is out of the question and as there is no political campaign for the presidency in progress he will not likely be found around Democratic headquarters.

The two most puzzling mysteries of the times are the present whereabouts of William Jennings Bryan and the whereabouts of L. E. Morehead.

Grove's Tasteless chill Tonic

restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

What has become of the old-fashioned girl who used to wash her handkerchiefs and hang them up on the window curtains to dry? Hush, Montmorency! Oh, fudge! Twin tuts and a pooh-pooh! Mother now sends the handkerchiefs to the washerwoman and daughter goes to the party with one borrowed from sister Susie May.

FOR COLDS AND GRIPPE DOCTORS ADVISE

The Improved Calomel Tablet That Is Entirely Purified of All Nauseating and Dangerous Qualities.

Physicians are warning the public against trifling with colds, influenza and grippe. They say that a brisk calomel purgative, preferably Calotabs, the new and improved calomel tablet, should be invariably taken at bed time and repeated the second or third night, if necessary. In the earliest stages, one Calotab is usually sufficient unless the case is particularly severe.

Physicians say that it is a waste of time and is dangerous to experiment with other laxatives, as calomel is absolutely necessary sooner or later. One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with diet, work or pleasures. Next morning your cold has vanished and your whole system is purified and refreshed. Calotabs are sold only in original sealed packages. Price 35 cents. Recommended and guaranteed by druggists everywhere. Price refunded if you are not delighted. Adv.

The Lawrence Plan.

(Albert Bushnell Hart in Leslie's.) We can not get off in our schools with a little history and an exercise in canned phrases called civics, which have been the usual school effort to connect between the child and the political world in which he lives. The Germans have set out to make their schools the source of national feeling and have ended by dehumanizing patriotism. That is no reason why high things can not be made a required part of our American school courses. No community will be thrown into strife because our schools preach democracy, which is the essential doctrine of joint duty to the country and of loyal support in defense and protection. Catholics and Protestants and Jews, Republicans and Democrats, all desire that their children shall glow with a sense of the might and majesty and fairness and blessing of their own free government.

If our schools, and notably our public schools, can not aid in the great task of keeping the American people up to their opportunities in this war, then the schools have no right to be. Why should anybody pay taxes for a school system which does not teach children what taxes are and why they should be paid? How can one expect young men to keep to the defense of their country if they do not know what their country stands for?

The Lawrence plan for education in citizenship is an effort to answer the three questions discussed above, not from any exact preconception of what the public schools ought to teach, but in order to learn what, under a fair trial, they are able to teach. It rests upon the laboratory idea of testing methods in their operation. The Lawrence plan demands no extraordinary supplies of specially trained teachers. It is based on ordinary conditions with the simplest of organizations.

This organization includes several factors which agree to work together for the common purpose:

1. The city of Lawrence, Mass., through its school committee, sets apart the Oliver school, under its regular principal and 40 teachers, to provide instruction for 1400 pupils.
2. The Lowell Normal school, by permission of the Massachusetts board of education, designates two expert teachers in history and civics to give part time to the supervision of the instruction in citizenship.
3. The superintendent of the Lawrence schools, the principal of the Lowell Normal school and other educators assume charge of the whole enterprise.
4. The National Security league furnishes the moderate sum of money necessary for the administration and special teaching.

Thus the Lawrence plan requires no act of the legislature, no extra grant of public money, no fees to experts. It is simply an attempt to engraft citizenship upon the usual course of study in an average city school.

WE BUY OLD FALSE TEETH.

We will pay up to \$21.50 per set (broken or not). Send now. Cash sent by return mail. Package held 10 to 15 days subject to sender's approval of our offer. Highest prices paid for old gold jewelry, gold crowns, bridges, platinum and silver. United States Smelting Works, Inc. 994 Goldsmith Bldg., Opp. Postoffice Milwaukee, Wis.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS CHILL TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its Strengthening, Invigorating Effect. 60c.

The Underpaid Teacher.

(San Francisco Bulletin.) Some 1700 teachers in San Francisco's public school receive an average of \$107.58 a year more than they did in 1907, while in the last 10 years the cost of living has doubled. The teaching profession always has been underpaid, but this record is a disgrace. There is little attraction to a really competent man or woman in the present salaries. If we paid higher salaries, there would not be so many incompetent persons teaching our children. Raise the pay of the school teachers by all means.

For Indigestion, Constipation or Biliousness

Just try one 50-cent bottle of LAX-FOG WITH PEPSIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Paria Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless Chill Tonic.

Want 'Em to Die Laughing.

(New York Telegram.) Idea of that peace thing was, perhaps, to induce such uproarious mirth the allies would be unable to fight.

Grove's Tasteless chill Tonic

destroys the malarial germs which are transmitted to the blood by the Malaria Mosquito. Price 60c.

Flaming It on the Climate.

(Dallas News.) The main trouble with October in Texas is that it comes after our summer clothes are too ragged to wear, and before our winter clothes are comfortable.

FOR SALE—Two brand new Ford cars.

Phone or write O. W. Wilson, Redias, Texas. wpd

The True Levelers.

(William Ellery Channing.) God be thanked for books. They are the voices of the distant and the dead and make us heirs of the spiritual life of past ages. Books are the true levelers. They give to all, who will faithfully use them, the society of the spiritual presence, of the best and greatest of our race. No matter how poor I am, no matter how the prospect of my own time will not enter my obscure dwelling, if the sacred writers will enter and take up their abode under my roof.... I shall not pine for want of intellectual companionship, and I may become a cultivated man though excluded from the place where I live.

Grove's Tasteless chill Tonic

restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

HARD WINTER OF STARVATION FACES RUSS POPULATION

London, Oct. 29.—A winter of starvation is a safe prediction for Russia. Indications are that it will be one of the worst winters the Russian people have experienced in all their history. All summer the food situation in Russia, particularly in Moscow, Petrograd and other large cities has been steadily growing more and more acute. In the latter part of August, before the writer left Moscow, bread, or that mixture of straw, oat husks and other ingredients of unknown origin which Moscow inhabitants are induced to accept as bread, had almost entirely disappeared, and certain city districts had not received the usual allowance for nearly a week.

The government had classified the population into categories, whereby working men and government employees received a larger allowance, while professionals and well-to-do people got the smallest, which in Moscow amounts to one-sixteenth of a pound. In Petrograd the bourgeois or middle class fared poorly on an allowance of three herrings a day.

The shortage of bread is largely due to the government's short-sighted policy in fixing a low price for grain which did not even cover the farmer's expenditure, let alone profit. The peasants refused to comply with the decree to turn over all grain in excess of a certain arbitrarily fixed amount to the food committee, and when the latter were re-enforced by a detachment of armed "bread crusaders," the peasants gathered from several villages and offered resistance, frequently putting the crusaders to flight.

But even if the government price were much higher the peasants would not willingly exchange their grain for worthless money, of which they seem to have much and which has no practical value to them. They want manufactured goods, which the government is unable to furnish, as most of the factories are idle for lack of fuel and raw material, and also because the bolsheviks need the workmen to fight on the numerous fronts.

The Quinine That Does Not Affect the Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

The Little Dreams.

(Joseph Mills Hanson, Capt., F. A.) Now, France is a pleasant land to know. If you're back in a billet town, And a hole of a hole for the human mole.

Where the trenches burrow down; But where doughboys be in their worn O. D., Whatever their daily grinds, There's a little dream on this sort of theme

In the background of their minds: "Oh, gee whiz, I'd give my mess kit And the barrel off my gat

Just to take a stroll up Main Street In a new Fedora hat. Just to hit the Rexall Drug Store For an ice cream soda stew, And not a doggoned officer To tell me what to do."

Here's a youngster sprawled in an old shell hole With a Chauchat at his eye; There's some wide H. E. on the next O. P.

And a Fokker in the sky. It's a hundred yards to his jump-off trench

And ten to the German wire. But what does he hear, more loud and clear

Than the crack of harassing fire?

Echoed footsteps on the marble; Throbs of a revolving door, And the starter's ticking signal—"Up! Express here—fourteenth floor!"

Click of coins on the cigar stand; Two stout parties passing by—"I sold short and took no chances; Lackawanna's too damned high."

Here's a C. O. down in his dugout deep Who once was a poor N. G. The field-phone rings and someone sings

"Red Gulch, sir, 12-9-3 Is spilling lach on Mary Black; Give Jane retaliation."

Two minutes more and he hears Jane roar, While he thinks of this hymn of hate:

"That north forty must look pretty. Head-high, now, and ears all set; And the haystacks in the meadow—Wonder if they've moved it yet? Crickets clicking in the stubble; Apples reddening on the trees—Oh, good Lord, I'm seeing double; That's not gas that made me sneeze!"

Row on row of smoking chimneys, Long steel roofs and swinging cranes, Maze of tracks and puffing engines, Creeping strings of shunted trains, Asphalt streets and stuccoed houses, Lots, with brick and lath piled high; Whips of shade trees by the curbing; Yellow trolleys clanging by.

These are tawdry thoughts in an epic time For martial souls to own?

They are thoughts, my friend, that we would not mend; That are bred of our blood and bone. A mustard shell, it is very well, And an egg grenade's O. K., But we get our steam from our little dream

Of the good old U. S. A. Cotton fields along the river, Night lights streaming from a mill; Corn, with curling leaves a quiver, Dump-cars, lining out a fill; Presses roaring in a basement, Woods, with waters gleaming through—

Kaiser Bill, we'll up and go there When we've rid the world of you!

Shorthorn Durham Auction Sale

Roger Q. Astin and F. L. Wood will hold a public sale of registered Shorthorn cattle of the milking variety, at Hearn, Texas, November 20, at 2 p. m. Bulls, Heifers and Cows. Highest bidder gets them. A chance to buy some Shorthorn Cattle at reasonable prices.

McKay's Limerick

There was a young man that I knew, Who said, "I will not take the 'flu.' So this world wise young fellow Went down in the celler, And the top of his head off he blew.

HARVEY.

Harvey, Oct. 27.—We had another heavy rain Saturday afternoon; in fact we have had nothing much but clouds and rains for the last three weeks, it eliminates the pumping the farmers here had to do last fall to provide their cattle with water and as there is so much grass and forage made cattle will go into winter in much better shape this year, but it has been bad on those who failed to get their peanuts plowed up and dried before the wet season set in. Sunday was clear with cold west winds blowing and we are greatly in hopes we will have sunshine for a while. Cotton is full of bolls, with a little hot sunshine, promises a fair top crop.

The influenza seems to be abating among the whites but increasing rapidly among the negroes. There were three deaths among negroes in the community this week, whole families are down with it and are very sick.

Our community was much grieved over the death of Sam Jones, one of our best citizens, and extend our sympathy to the bereaved family. Two of his children, Ross and Julia, were too sick to attend his funeral last Sunday. We hope they are well now.

School resumed its duties this week with a fairly good attendance.

Mr. and Mrs. Floyd Todd visited their daughter, Mrs. Lily Jones, in Dallas this week and also their new granddaughter, Miss Jones.

Chester Jones wrote home this week that he was O. K. and just from the front. Walter Pate wrote that he was attending school at the training camp at the Great Lakes; says he has enjoyed seeing so much of the world since he left home, still he is eager for his furlough home, which he expects to get real soon. D. S. Buchanan writes that he is dirty and muddy but happy. "Watch us go," he said. In a letter of later date he said his quarters had been changed from a blanket under a tree to a comfortable room but he did not know how long it would be that way. Howard Davidson writes on September 26 that he has been batted about so fast of late that his mail can't keep up with him. He is now in the mountains in Vosges with the seventh army corps and has been made chief of aviation service corps. He sent home some interesting French liberty bond posters, one represented a fierce looking Frenchman rushing on but looking back, saying, "We will get them," and "We are getting them, too."

Pangs of jealousy were in Miss Coldfoot's heart when she heard that her late admirer had been accepted by Miss Lovebird, and when she happened to run across her could not resist giving a thrust.

"I hear you've accepted Jack," she gushed. "I suppose he never told you he once proposed to me?" "No," answered Jack's fiancée. "He once told me that there were a lot of things in his life he was ashamed of but I didn't ask him what they were."—Tit-Bits.

Thrift stamps make fine birthday, Christmas, New Years and Easter presents. They are also acceptable for the Fourth of July, Memorial day and Labor day. Lay in a supply and do your shopping early.

All of The Eagle's sixteen sweethearts have agreed to endorse Lamar Bethea for the legislature and to vote for Ed Covey for city commissioner.

Buy a thrift stamp. It's the best stamp to use on autocracy.

Give me the address of a place to put colored girl children.—Reader. Write to the Dixon Colored Orphanage, Gilmer, Texas.

Do your duty. Keep your pledge. Buy thrift stamps.

Women!

Here is a message to suffering women, from Mrs. W. T. Price, of Public, Ky.: "I suffered with painful...," she writes. "I got down with a weakness in my back and limbs...I felt helpless and discouraged...I had about given up hopes of ever being well again, when a friend insisted I

Take

CARDUI

The Woman's Tonic

I began Cardui. In a short while I saw a marked difference... I grew stronger right along, and it cured me. I am stouter than I have been in years. If you suffer, you can appreciate what it means to be strong and well. Thousands of women give Cardui the credit for their good health. It should help you. Try Cardui. At all druggists. R-73

A Smile or Two

No Use. The Huns in a recent battle kept sending over frequent clouds of gas against a certain American sector. During the night the white troops were relieved by a regiment of negroes. The amazement of the Huns turned, next day, to consternation, and message after message was sent to the rear: "We have gassed the Americans until they have turned black in the face, and still they fight yet."—Life.

A very estimable widow in Germantown, Philadelphia, is the mother of a son who has given her much trouble. "I am afraid," said a friend one day, "that you are not firm enough with him."

"On the contrary," said the mother, "I sometimes fear that I am much too harsh."

"Indeed
